

## Nutrition Committee Agenda

Meeting date: Saturday March 3, 2018

Meeting time: 10:00am – 12:00pm

Meeting location: Mission Beach B

1. Introduction of New Members
  - a. Pete Lasley
  - b. Andrea Hansen – Unable to attend this year but can conference call
  - c. Seth Krantz
2. Review of Old Business
  - a. 2017 Annual Meeting Pre Conference Seminar
  - b. Here are notes from last committee meeting
    - i. VFD implementation -
      1. No real problems but clarity on valid VCPR for swine, poultry and beef discussed relating to ownership of animals and daily stockmanship. This would be as it relates to multiple owners within a feedlot versus the contract finisher and the single ownership of the animals.
      2. Calculators available on GVL –
      3. Enforcement considerations - what will be scrutinized in the initial reviews?
        - a. Dose
        - b. Time and Duration
        - c. VCPR
    - ii. Mycotoxin concerns were discussed and noted that they were mainly regionalized. Is there a relationship to uterine prolapses? Ongoing study may help in delineating opportunity.
    - iii. Added New Member – Pete Lasley, DVM of Smithfield Missouri.
    - iv. Pre-Planning for 2019 Pre-conference Seminar - Topics
      1. Uterine Prolapses

2. Feeding the health challenged pigs
  3. Behavior modification through nutrition
  4. Human evaluation of microbiome and relationship to animals
  5. Pulse dosing of conventional antibiotics
  6. Feed additives for respiratory Disease
  7. Microbiome in general
  8. Organic Feeds
  9. Nutritional influences in Antibiotic free and reduced antibiotic production
3. As you review these notes please think ahead for what has changed within these notes and then bring topics for us to discuss as possible agenda items for our 2019 Pre Conference Seminar in Orlando.
